Authenticity. Flexibility. Bilingual Expertise.

About Me

Hi, I'm Natasha Zwaga, founder of Sacred Spaces, crafting bespoke weddings and meaningful celebrations across the Mediterranean.

Raised between England, Doha, and the Costa Blanca, I'm bilingual in English and Spanish and deeply familiar with multicultural experiences. I later expanded my career in London, working with global brands such as Nike, Harrods, Sky, the O2 Arena, the London Olympics, and Premier League football clubs, gaining invaluable event management expertise.

These experiences shaped my passion for delivering exceptional, personal service. Returning to Spain allowed me to combine my international background with my love for this region, transforming every celebration into a beautifully designed, unforgettable moment.

Welcome to Sacred Spaces, where your vision becomes a lived experience.

Jodie Patience

Natasha - the dream maker!

our amazing wedding wouldn't have been possible without Natasha. I'm very particular and thought I'd struggle to find a wedding planner. As soon as we met Natasha we knew within seconds and stopped our search. It was meant to be. Natashas attention to detail is amazing, she got the brief and perfected our whole wedding weekend. It was all stunning and very tasteful. Throughout the whole planning process Natashe helped me finalise plans and make choices but the biggest help was her emotional support. I always felt better after speaking with Natasha, she always reassured me and I really did trust her. There were a few bumps along the way (we had 130 guests so it's expected!) and Natasha worked her magic and fixed them. Her perfect English and Spanish was a huge help. The day went perfectly and such smoothly co-ordinated. I had very high expectations and knew the events were going to be amazing... they exceeded my expectations and I'm very hard to please and work with. I don't settle for less than perfect - I didn't have to!

I wish we could do it all again! we had so many comments about the day and Natasha was mentioned several times. if you don't want to be just another Bride/Groom and want something special and personal, Natasha is the only wedding planner... honestly. I wanted so many different things for my wedding in New venues - Natasha made them all become a reality.

She has a heart of gold and gives everything 110%. She cares about her couples and genuinely wants the best for you. I can never thank Natasha enough. Natasha is such a talented lady who is now a special friend. She has a special place in our hearts and memories.

Thank you always, Jodie & John xxxxxx
